The President's Report – Donald Masecar, President

February 19, 2017

At our monthly meeting this past Wednesday, the Georgetown Board approved the landscaping plan for this coming season. Front mulching to all townhouses will take place this year. The flower area at our front entrance will be expanded and more automatic irrigation will be added to the front peninsula entrance.

Mark Mascle, Andy's second-in-command, has not been visible for weeks here at Georgetown. Mark had heart valve replacement surgery in January. The operation was a success and he is recuperating at home, expected to return to us in May – just in time for our summer season. For those who want to send cards, please drop them off at Andy's office.

Our Georgetown Board members would like to remind everyone that elections are coming up in May. Two seats are up in this year's election. Please let any current board member, Andy or Bill Karpinski know if you are interested in running.
